Risk reponse summary				Risk Score Matrix		
Mitigated	The response actions either reduce the likelihood of a risk developing, or limit the impact on the MAT to acceptable levels		Probability	3	M	H
				2	L	H

Accepted	We accept the possibility that the event might occur, for example because the cost of the counter measures will outweigh the possible downside, or we believe there is only a remote probability of the event occurring			1	L	L	M
Transferred	The risk is transferred to a third party, for example through an insurance policy				1	2	3
